

## 10 years of the euro - summary of results

### Detailed result of the design competition for a common commemorative 2-euro circulation coin to mark the 10th anniversary of euro cash

Euro-area Finance Ministers endorsed on 17 January 2011 the issuance in 2012, by all euro-area Member States, of a commemorative 2-euro circulation coin with a common design to mark 10 years of euro cash.

Citizens of all Member States of the euro area were invited to submit designs via a dedicated website during a three-week period in May. A professional jury selected five from among the more than 800 designs submitted.

Euro-area citizens and residents thereafter selected the winning design by public web-voting in June 2011. The results for each of the five designs and the names of their creators are indicated below.
